Your documents must preferably
be saved in

(.EPS, .AI, .PSD, .TIFF, .JPEG, .PDF, .CDR)

Please supply type case (fonts) or vector documents...

When PMS colors are needed remember
to mention, and supply vector documents.

For images you need to supply colour proofs.

N.B.: With digital imaging color accuracy may
vary from 80% to 100%.

To avoid errors, it is necessary to supply the PDF
version to support your original file or document.

RÉSOLUTION

For wide format digital imaging a resolution of
150 DPI is sufficient at actual layout size.
